BRAVIATM 4K Professional Displays

24/7 displays designed for business

BZ40J-series FW-100BZ40J

BZ40H-series

FW-85BZ40H FW-75BZ40H FW-65BZ40H FW-55BZ40H

4K Next generation picture quality

Bring the incredible depth and quality of 4K resolution to your business with our BRAVIA 4K Professional Displays, now available in 43" – 100" screen sizes.

Superior displays designed for business

Portrait, advanced control, professional mode, optional interactive compatibility, 24/7 operation or an embedded HTML5 platform for easy digital signage creation; our BRAVIA 4K Displays are designed to suit all your professional needs so you always present a clear image.

Professional design

Our line-up offers all the technological performance and style you'd expect from BRAVIA, powered by our X1 enhanced processor or XR processor, depending on the model chosen. The 4K LCD panel produces four times the pixels of Full HD for outstanding picture quality, while the ultra-slim new design enhances any corporate or retail environment.

Do more with our BRAVIA solutions

Look no further with BRAVIA. Our new range features a number of fantastic built in and optional solutions to customise your BRAVIA exactly the way you want. From meeting room solutions, Manage for TEOS, Connect for TEOS, TDM Digital Signage, Smart Automation System and the Applications Store, without the need for any external devices or players.

Key Features

Round the clock display

With reliable 24/7 operation, BRAVIA BZ series enable you to deliver your message around the clock. What is more, BRAVIA outshines ordinary displays with a high brightness of 620 cd/m²* and up to 850 cd/m²* (700cd/m² and a peak of 1100 cd/m² for the 100"), combined with a fantastic 4K resolution, it ensures your visual communications always stand out, even in daylight or well-lit rooms, day and night.

*Except for the FW-43BZ35F and the FW-49BZ35F

New functionalities**

Discover a new world of possibilities with the new BRAVIA functionalities. From easily mirroring your content into your BRAVIA with Apple AirPlay and ChromeCast, supprting the Wi-Fi 5GHz, to using DICOM sim mode to correctly show X-ray images for non-diagnostic purposes.

^{**}Model specific, conditions apply for some functionalities

Ultimate Picture Quality

16:9 4K resolution (3840 x 2160 pixels)

With over 8 million pixels, a 4K resolution screen offers four times the detail of Full HD. Combined with the ability to manage 4K 60P up to 18Gbps, it now produces a level of detail and realism beyond anything you've seen before.

4K X1 Processor

Our powerful 4K X1 Processor enhances contrast, clarity and colour to the highest level. Clarity improves with intelligent upscaling and noise reduction, colours are individually enhanced, and the dynamic range of contrast is optimised frame by frame.

XR Processor

Using human perspective analysis, our XR Processor is able to cross analyze several thousand elements at once, enabling our BZ40J model to create the perfect immersive picture.

Higher contract, higher brightness

With Full Array Local Dimming being supported (applies to BZ40H and BZ40J models only). Specific sections of the screen can be incredibly bright while other areas remain pitch black so you get the best contrast possible, in addition, light areas in the image receive a boost in backlighting, creating brilliant peaks of brightness.

Compatible with High Dynamic Range (HDR)

View a wider range of brightness levels with HDR, the emerging video format that allows content creators to expand their range of creativity.

Strong performance

With new functionalities such as Wi-Fi 5GHz Support, Apple AirPlay, and DICOM, the BRAVIA perofmance is now stronger than ever before.

Elegant design

With the sleek new design, your BRAVIA will add a perfectly elegant touch to any environment.

Versatile control options

Easily control your BRAVIA remotely – including on/off, input signal select and adjust volume – via IP or via RS-232C. For quick operation in meetings or for digital signage, it takes just one click to change to your chosen default settings.

Automatic on/off feature

Easily programme your BRAVIA with the On Timer feature to automatically turn your BRAVIA on or off.

Portrait and 24/7 capability

Use the BRAVIA Display in portrait and 24/7 operation mode for a greater signage impact.

Professional Mode

There is now more control to disable input or remote control, remove labels and block buttons; customise and store display settings and features, add security then copy them easily from display to display via USB flash memory.

The total touchscreen solution

Turn your BRAVIA into an interactive touchscreen with our IR and capacitive technology overlays. Designed to fit seamlessly onto the BRAVIA screen, it's easy to set up and allows 10 multi-touch points or more for greater interaction. Contact your local Sony dealer for more information.

Do more with BRAVIA

Built-in solutions

Meeting room solution

Standard and enhanced interface in meeting rooms with smart features, and efficient automated systems for input management. There is no need for extra controllers in the room and settings stay exactly as they have been programmed.

Media Player

Easily play images, videos and HTML content on your Pro BRAVIA from a USB flash drive.

Android Applications store

Endless possibilities to display what you need, without external devices, through dedicated applications.

Optional Solutions

Connect for TEOS

Great for collaborative working, Connect for TEOS allows smooth, speedy wireless screen mirroring from laptops, directly to BRAVIA Professional Displays. It's available as an easy-to-install app, with no extra hardware needed.

Manage for TEOS

Sony BRAVIA Professional Displays are fully compatible with Manage for TEOS. Intelligent workspaces can now have complete control of all of their connected devices and content in boardrooms, meeting rooms, offices, public areas and other locations. Plus, there is no player required.

Digital Signage Platform (TDM Digital Signage)

Create and generate your signage content simply and without limitation. This easy-to-use authoring tool lets you combine text, graphics, video, social media feeds and other live web content to produce dynamic marketing messages.

PrimeSupport

All Sony BRAVIA Professional Displays sold into the EU, Norway and Switzerland come supplied with a 3 Year PrimeSupport pack, offering unique services and benefits, including:

- Freephone telephone helpdesk support (00 800 7898 7898) in 5 languages.
- Receive a completely new replacement model rather than repair as standard.

In addition, optional PrimeSupport
Plus packs can be purchased to add a
2 year extension of the standard 3 year
PrimeSupport and to give long-term
assurance of expert support, technical
assistance for 5 years from purchase date.
